

VEGA lightbar with SPA Red

Extra-flat lightbar with built-in siren and loudspeaker

Article number : 29642

Advantages:

- R65 High brightness LED lighting - R65 Class 2 approved
- Maximum sound power thanks to its position on the top of the vehicle
- Patented sound system
- No need to mount the siren and loud-speaker in the vehicle
- Approved siren tones
- Easier access to underground car parks thanks to its flat shape
- Robust, aluminium frame and polycarbonate lens
- Aerodynamic, a height of only 67 mm
- Reduction of vehicle's aerodynamic drag and therefore its fuel consumption
- Optimal installation with adjustable fixing system
- Very low electrical consumption

Technical specifications:

- 15 LED High Power modules visible at 360°
- Mode type R65 double flash alternated
- Built-in siren and speaker with Wail tone, Yelp, Hi-lo having a power of 110 dB at 2 meters (power equivalent to 100W) and 104 dB at the sides at + or - 90 ° *
- Waterproof and splash-proof
- Easy-to-install control box, handy design
- Uniform height along the entire length of the lightbar
- Public Address function: allows broadcasting and recording of messages via a microphone and a SD card
- Possible connection of the radio to the system
- Short circuit protection + open load detection for each light and the loud speaker, allowing immediate feedback to the control box, in case of malfunction
- Automotive connector with locking

Approvals:

- R65 Class 1
- CEM according to the NF CISPR25 Cl4 standard

Lens	Polycarbonate
Housing	Aluminium
Colour LEDs	White
Colour lens	Red
Flash Patterns	Flash type R65
Voltage	12-24V
Consumption	Maximum consumption: ~10.3 A for 13.5 V No-load consumption: less than 500 µA
Dimensions	120 x 26.7 x 6.7 cm
Operating temperature	-40°C to +85°C
Includes	adjustable mountings, roof connector and 6 m harness
Origin of product	Europe
Guaranty	3 years
